### **Coronavirus (COVID-19) Update – May 8, 2020**

#### *Helotes reports sixth positive case of COVID-19*

Bexar County and the Helotes Office of Emergency Management are reporting an additional positive case of COVID-19 within the community. As of May 8, a total of six positive cases have been reported.

As local businesses begin reopening, it is recommended that residents continue to take precautions to help slow the spread of germs, including COVID-19. Frequent hand washing, cleaning of high-touches surfaces, maintaining six feet social distance, and wearing a face cloth while in public are good protective measures.
